## Professional Summary

I am a passionate Web Developer skilled in HTML, CSS, JavaScript, React, and WordPress. I specialize in building responsive websites with clean UI/UX, optimized performance, and mobile-friendly layouts. I have hands-on experience working with WordPress themes, plugins, Elementor, and website customization.

Currently, I am advancing my skills in MERN and WordPress development while building real-world projects. My objective is to grow as a full-stack developer and create modern, scalable, and user-focused web solutions.
